## October 2017

## Website Development - Project Launch Update on ....

In March, we launched a project to make our website 'mobile friendly'. In this October Newsflash, we are bringing you an update.

How much do we need? £1000

How much have we raised so far? £300

We are grateful for these gifts and the generosity of the givers.

Yet this still leaves us £700 short of our target. Together we can do it if all of our Supporters give a little. Please pray about this. The simplest way to give is by PayPal via the ICDF website at .... <http://www.icdf.com/en/support/support-us>

*Thank you!*
